- Cutting a laminate sheet at an angle of 90 degree leads to development of cracks in corner after pasting. Therefore it is advisable to avoid cutting at an angle of 90 degrees.
- Bonding of laminate under high humidity, plywood with high moisture content, ply with uneven surface, inferior quality adhesive and insufficient pressure may lead to delaminating / air bubbles in between ply & laminate.

ANTI BACTERIAL LAMINATES AVAILABLE

Decorative range of laminates present a myriad range with multiple utilities. In such a scenario, it is important that bacterial growth is minimal at places such as IsFitchen tops, cabinets, table tops and areas that are in continuous touch with food and kids, where there is fear of wear and tear. Minimizing the destructive bacterial growth, it limits further spread of the harmful particles and serves as a worthwhile solution.

Disclaimer:

Prices vary with respect to type, finish, thickness, size and colour. Please consult with our branches / dealers / factories before quoting. Advance notice of intended discontinued items will be made known to our regular customers. Our company shall not be held liable for any consequences resulted from disruption of supply.High pressure Laminates are meant for indoor use only. Avoid using on areas exposed to direct sunshine or light reflective areas. Limited warranty: Axi lam Pvt. Ltd. warrants that, under normal use and services, the material and workmanship of their products shall confirm to the standards set forth on the applicable technical data sheet for a period of twelve (12) months from the date of sale to the first consumer purchaser. Dealers and distributors are provided with the technical data sheets, which contain specific standards of performance for the product. In the event that a product does not perform as warranted, the purchaser's sole remedy shall be limited to repair or replacement of all or any part of the product ,which is defective, at the manufacturer's sole discretion. This warranty is not transferable, and expires upon resale or transfer by the first consumer purchaser. This warranty shall not apply to defects or damage arising from any of the following: Accidents, abuse or misuse, exposure to extreme temperature, improper fabrication or installation, improper maintenance. No other warranties, expressed or implied, are made. Under no circumstances shall the manufacturer be liable for any loss or damage arising from the purchase, use, or inability to use this product, or for any special, indirect, incidental, or consequential damages. No fabric

Axi lam Pvt. Ltd. has authority to modify the obligation or limitation of this warranty.

OK

Date:
Name:

1 MM THICKNESS & SANDING SAMPLE

No claim will be entertained for air bubbles

Cutting a laminate sheet at an angle of 90 degree leads to development of cracks in corner after pasting. Therefore it is advisable to avoid cutting at an angle of 90 degrees.
